PARKING

## SteadyStand ®

With the Acebikes SteadyStand your motorcycle is firmly anchored in seconds.

Because you can put your motorcycle upright, it doesn't take much space in your garage.

The SteadyStand is designed for total ease of use and quality. The unique rubber feet prevent the SteadyStand from sliding, and it is easy to move because of the convenient handle.

The SteadyStand is easy to store because of the small size and light weight materials.

↪ Suitable for wheels  
from 15 to 19 inches

↪ Suitable for tyre widths  
from 90 to 130 mm

- ✓ Special rubber feet to prevent sliding
- ✓ Easy to move because of the convenient handle
- ✓ The secure locking system on the front wheel provides maximum stability

## SteadyStand ® Multi

**With the Acebikes SteadyStand Multi your motorcycle is firmly anchored in seconds.**

The SteadyStand Multi is easy to store because of the small size and light weight materials. The SteadyStand Multi is fully designed for total ease of use and quality, and is completely adjustable without tools. This easy-adjust system is perfect when you own more than one motorcycle or if you want to switch between the front and the rear tire.

The unique and specially designed rubber feet prevent the SteadyStand Multi from sliding.

↻ Suitable for wheels from 15 to 21 inches

↻ Suitable for tyre widths from 90 to 200 mm

- ✓ **Completely adjustable** without tools /easy-adjust system
- ✓ The secure locking system on the front wheel **provides maximum stability**
- ✓ **Fully adjustable**, also very suitable for bigger motorbikes

# MotorShelter Size S | Size M

The Acebikes Folding Garage size S / M is a perfect solution for motorcycle owners with no garage.

The Folding Garage creates an instant wind-sheltered spot on private property for almost any type of motorcycle. The Folding Garage protects your motorcycle, quad or scooter from any weather influence. Manufactured with durable, high quality strong polyester Marine Canvas, this Folding Garage is water resistant, resistant to UV damage and it will not shrink or stretch. The plastic bearing pivot points prevent rust and ensure sustainability and the air vents on both sides prevent moisture on your motorcycle.

- ✓ Fully galvanized groundparts, to prevent rust
- ✓ Including mounting hardware and solid security straps
- ✓ Air vents on both sides to prevent moisture

↻ **Size S:** Inside measurements  
[LxWxH] 267x101x154 cm

↻ **Size M:** Inside measurements  
[LxWxH] 302 x 119 x 170 cm

TRANSPORT

↻ Suitable for wheels  
from 10 to 19 inches

↻ Suitable for tyre widths  
from 90 to 130 mm

## SteadyStand ® Fixed

The galvanized Acebikes SteadyStand Fixed is designed to make clever use of gravity.

The SteadyStand Fixed can easily be mounted onto the floor of a trailer or van. You can ride your motorcycle into the SteadyStand Fixed to make it stand in an upright position. The weight keeps the motorcycle firmly anchored. The only thing left is to put straps onto the motorcycle for total security. The SteadyStand Fixed is adjustable for different wheel sizes.

- ✓ Galvanized for extreme durability
- ✓ Includes mounting hardware
- ✓ The secure locking system on the front wheel provides maximum stability

## SteadyStand ® Multi Fixed

**The galvanized Acebikes SteadyStand Multi Fixed is designed to make clever use of gravity.**

You can ride your motorcycle into the SteadyStand Multi Fixed to make it stand in an upright position. The weight ensures your motorcycle remains firmly anchored. The only thing left is to put the straps onto your motorcycle to ensure it is safe and secure. The SteadyStand Multi Fixed is cleverly designed to be adjusted without tools. This easy-adjust system is perfect when you own more than one motorcycle or if you want to switch between the front and the rear tyre.

TRANSPORT

↻ Suitable for wheels from 15 to 21 inches

↻ Suitable for tyre widths from 90 to 200 mm

- ✓ **Adjustable without tools / easy-adjust system**
- ✓ **Ideal for using on trailers or in vans**
- ✓ **The secure locking system on the front wheel provides maximum stability**

- ✓ Anchorable **on any hard surface**
- ✓ Including mounting hardware
- ✓ The secure locking system on the front wheel **provides maximum stability**

## SteadyStand ® Fixed Scooter

**The galvanized Acebikes SteadyStand Fixed Scooter is designed to make clever use of gravity.**

The SteadyStand Fixed Scooter can easily be mounted onto the floor of a trailer or van. You can ride your scooter into the SteadyStand to make it stand in an upright position. The weight ensures the scooter to be firmly anchored. The only thing left is to put the straps onto your scooter for a total secured position.

Adjustable for wheels  
from 10 to 13 inches

Adjustable for tyre widths  
from 80 to 120 mm

## SteadyStand ® Cross Basic

The galvanized Acebikes SteadyStand Cross basic is especially developed for transporting dirtbikes.

The SteadyStand Cross basic makes clever use of gravity, which will prevent your Dirtbike from moving or leaning over when securing it on a trailer, pick-up or inside a van. You can ride your dirtbike into the SteadyStand Cross basic to make it stand in an upright position. By using the SteadyStand Cross basic, securing your motorcycle will become much easier and safer.

- ✓ Holds the motorbike upright for **easy lashing and securing**
- ✓ Specially developed **for dirtbikes**
- ✓ **Durable galvanized** materials

↻ Suitable for wheels  
from 18 to 21 inches

↻ Suitable for tyre widths  
from 90 to 120 mm

- ✓ The foot pedal is provided with a **special secure lock-system**
- ✓ **Mounting bracket of choice** for small or large cross tyres
- ✓ **Keyholes in the sideframe** for easy removal of the SteadyStand ® Cross

## SteadyStand ® Cross

The galvanized Acebikes SteadyStand Cross is especially developed for dirtbikes and enduro bikes.

The SteadyStand Cross has a clever clamping device which will prevent your dirtbike from moving or leaning over.

By using the foot pedal, your front wheel can be anchored to the stand. This makes it unnecessary to pull down your fork and damage the seals. By using the SteadyStand Cross, you will only have to use tie-downs to secure the rear end of your motorbike.

The special foot pedal can be installed on both sides of the SteadyStand Cross.

↻ Suitable for wheels from 18 to 21 inches

↻ Suitable for tyre widths from 90 to 120 mm

## TyreFix ® Basic

The Acebikes TyreFix Basic is a tie-down set with a special tie-down strap system for securing any type of motorbike on a trailer, van or transporter.

The TyreFix Basic ensures secure fixing and total protection. The flexible and durable material suits every tyre size. To prevent your motorbike from moving, the TyreFix Basic system is provided with special friction material.

The construction is fully sectioned for easy fitting and removal.

- ✓ Special friction material to prevent moving
- ✓ Suitable for every tyre size
- ✓ Fully sectioned construction for easy fitting and removal

# TyreFix ®

The Acebikes TyreFix is a tie-down set with a special tie-down strap system for securing any type of motorcycle on a trailer, van or transporter.

The TyreFix ensures secure fixing and total protection. The flexible and durable material suits every tyre size. To prevent your motorbike from moving, the TyreFix system is provided with special friction material. The construction is fully sectioned for easy fitting and removal.

- ✓ **Special friction material** to prevent moving
- ✓ **Solid carrying case included**, with zipper and carrying handle
- ✓ Including two integrated high quality lashing straps

↻ Solid carrying case included

↻ Including two integrated high quality lashing straps

- ✓ Fully galvanized steel to prevent rust
- ✓ Suitable for every motorcycle
- ✓ Can be secured at different points

## Flexi Rail – Railset

The Acebikes Transport Tie-Down Rail Set secures any type of motorcycle to prevent it from moving during transportation.

The sturdy tie-down rails, made of galvanized steel, are bolted (both on the left and right) to the floor of the trailer or van. This enables you to attach tie-down straps securely and in any position you wish. The Transport Tie-Down Rail Set comes with convenient carabiners and fittings.

## Loops Set

With the Acebikes Loops Set, you can create a hookpoint anywhere you want, to attach your lashing without risking any kind of damage to your motorbike.

This makes the Loops Set ideal for the transport of your vehicle. Because of the durable and extremely firm materials used, this Loops Set is built to last.

- ✓ Prevents damage while hooking
- ✓ Easy to use
- ✓ Create hookpoints anywhere you want

NEW

- ✓ **With sewn-in Soft Hook** for easy and safe application
- ✓ **Protects paint and chrome surfaces**  
with the integrated Simulated Sheepskin Sleeve
- ✓ **Equipped with Fully** galvanized Heavy-Duty Ratchets

↗ Load capacity: 900 daN

↗ Strap width: 35 mm

↗ Strap length: 197 cm

## Ratchet Strap Deluxe Duo

**Practical, extra strong heavy-duty belt made of high-quality polyester with a practical ratchet.**

This long black-grey polyester strap is equipped with a galvanized, plasticized hook and is especially designed for heavy motorcycles. The ratchet strap provides a secure and reliable grip when transporting heavy motorcycles. The rubber coated hooks and the artificial sheep's wool cover protect the motorcycle from damage and the bike can be transported without risk. The motorcycle belt is extremely stable and offers a secure position during transport, especially for heavy bikes. The 2.5 kg lashing strap can be attached to the bike in just a few simple steps and tightened securely and tautly with the help of the galvanised ratchets. We supply the ratchet belt for transporting heavy motorcycles in a practical storage bag, so that the belt is always ready to hand. Thanks to the robust and practical locking clips, securing the motorcycle is very easy and convenient.

# Ratchet Kit Heavy-Duty

The Acebikes Ratchet Kit Heavy-Duty is perfect for securing any type of motorcycle.

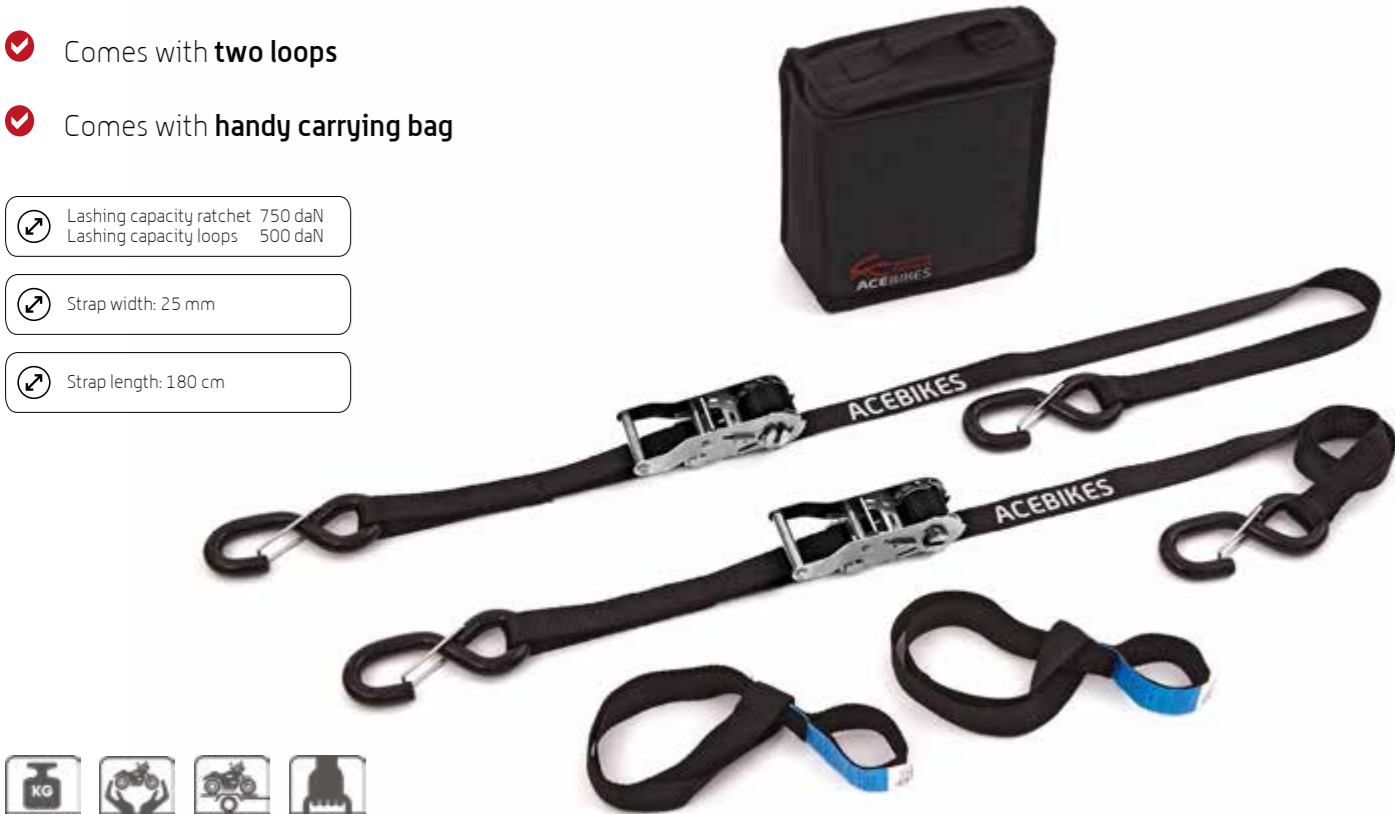

The solid plasticized hooks are provided with resilient locking clips for extra security. The heavy duty galvanized Ratchets and extra strong PES webbing, guarantees durability and heavy-duty work load. This Ratchet Kit comes with a solid carrying bag for easy storage and 2 loops to create a hook point on your motorcycle anywhere you want.

- ✓ Heavy duty plasticized hooks
- ✓ Resilient locking clips for extra security
- ✓ Comes with **two loops**
- ✓ Comes with **handy carrying bag**

↻ Lashing capacity ratchet 750 daN  
↻ Lashing capacity loops 500 daN

↻ Strap width: 25 mm

↻ Strap length: 180 cm

NEW

- ✓ Durable and **extremely firm material**
- ✓ **Prevents damage** while hooking
- ✓ **Easy to use**
- ✓ Comes with **handy carrying bag**

↻ Load capacity: 300 daN

↻ Strap width: 35 mm

↻ Strap length: 180 cm

## Cam Buckle Strap Duo

Practical and very strong strap made of high-quality polyester.

This black-grey polyester strap is equipped with a galvanized, plasticized hook and allows for secure and reliable fastening during the transport of the motorcycle. The rubber coated hooks protect the motorcylce from damage and the bike can be transported without risk. The motorcycle strap is extremely stable and reliable. The 1.5 kg straps can be attached to the bike in just a few easy steps. We supply the strap for transporting motorcycles in a practical storage bag, so that the strap is always ready to hand.

## BrakeFix

The brake lever jammer BrakeFix is used to lock the front brake for any type of motorcycle.

The BrakeFix is wrapped around the brake lever and handlebar. It is easy to use, and with the click-to-lock system, it is a safe and secure way of parking and transport your motorbike. The BrakeFix is perfect for parking your bike on the road, on steep slopes and mountain trails. The BrakeFix also helps to prevent costly mishaps in transport.

- ✓ **Special click to lock system**
- ✓ Suitable for **every motorcycle**
- ✓ Adjustable into **different positions**

NEW

- ✓ **Optimal Storage and Transportation** for your Foldable Ramp
- ✓ **Specially designed** for most types of Foldable Ramps
- ✓ **High Quality Fabric** for perfect usage

Measurements:  
120 x 17 x 32 cm

## Foldable Ramp Carry bag

Your foldable ramp can be stored as well as transported safely and securely in this superior quality foldable ramp carry bag.

It is highly recommended for you to make use of a specially designed carry bag in order to prevent your ramp from scratching or damaging your vehicle or motorcycle during storage and transportation. This highly functional bag was manufactured to be used in combination with most types of foldable ramps and it is fully equipped with a convenient full length zipper, making the bag easy to navigate and allows for optimum use of space. The bag is lightweight, and is made from a highly durable textile fabric.

NEW

## Foldable Ramp Heavy-Duty Extra Width

This premium quality ramp has all the required specifications that will allow you to store your motorbike safely and securely.

The material of the ramp is made from superior quality aluminium. Equipped with a useful handle as well as a fully closed surface for additional grip and durability, this ramp is your must-have tool for easy handling and storage of your motorbike. With the utmost regard to your safety, the ramp comes with safety straps to prevent the ramp from sliding.

- ✓ **Superior Heavy-Duty all aluminum** yet lightweight construction
- ✓ **Equipped with easy to use handle** for easy handling
- ✓ **Extra width construction** for easy loading and unloading

Suitable for all motorbikes  
up to 500 kg

Ramp width: 57 cm

TRANSPORT

NEW

## Foldable Ramp Heavy-Duty with Handle

**This premium quality ramp has all the required specifications that will allow you to store your motorbike safely and securely.**

The superior heavy-duty ramp makes loading and unloading of your motorbike as simple as it can possibly be. Equipped with a useful handle as well as a fully closed surface for additional grip and durability, this ramp is your must-have tool for easy handling and storage of your motorbike.

✓ Suitable for motorbikes up to 680 kg

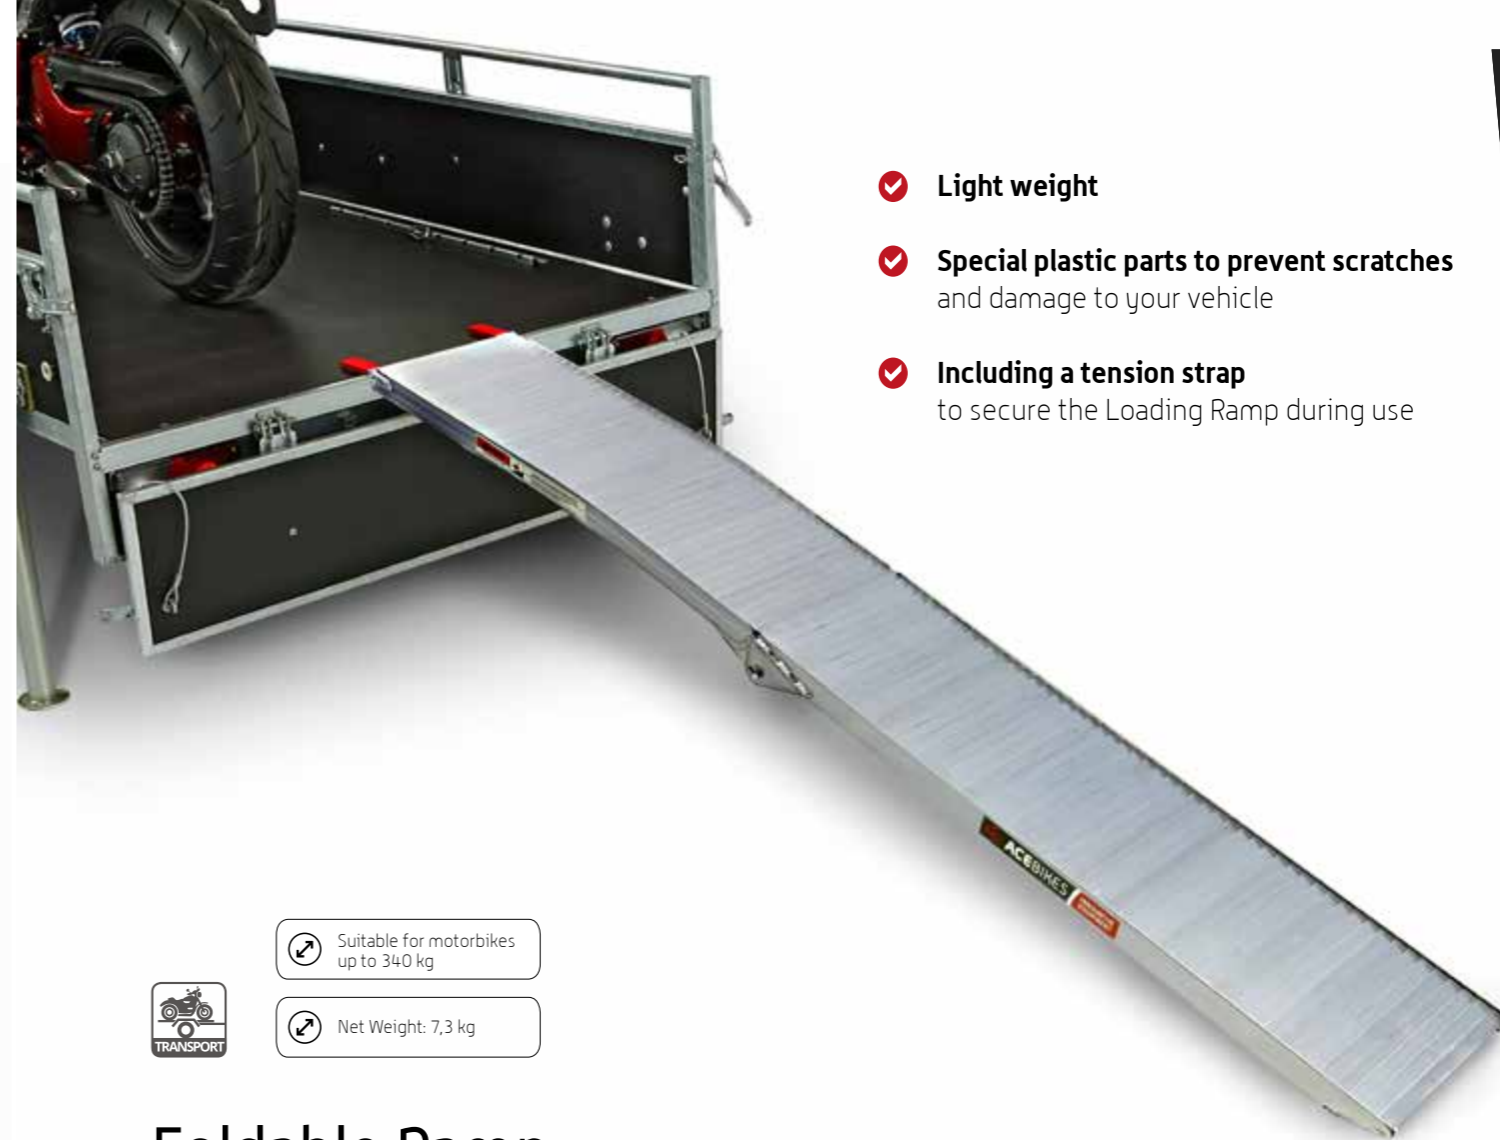

✓ Net Weight: 12 kg

- ✓ Fully closed surface for **extra grip and durability**
- ✓ **Superior Heavy-Duty all-aluminum** yet lightweight construction
- ✓ Equipped with **easy to use handle** for easy handling and storage

- ✓ **Light weight**
- ✓ **Special plastic parts to prevent scratches** and damage to your vehicle
- ✓ **Including a tension strap** to secure the Loading Ramp during use

✓ Suitable for motorbikes up to 340 kg

✓ Net Weight: 7,3 kg

## Foldable Ramp

**This Acebikes Foldable Ramp is an extremely sturdy and firm ramp, made of high quality aluminium for loading motorcycles onto a trailer, van or transporter.**

Because of the special plastic parts, it will not scratch or damage your vehicle. The Loading Ramp is provided with a durable rugged hinge to guarantee long durability. It is easy to fold for convenient, space-saving storage.

## HANDLING

High quality 4 x 75 mm swivel wheels

- ✓ Easily lift and move your motorcycle
- ✓ Perfect for use in narrow spaces
- ✓ Foldable for easy storage
- ✓ Adjustable without tools

## U-Turn Motor Mover

The Acebikes U-Turn Motor Mover helps you to easily lift and move your motorcycle.

The U-Turn Motor Mover is adjustable without any tools and is therefore easy to adjust to the size of your motorcycle. No need to ride your motorcycle onto the mover itself, simply place the U-Turn Motor Mover in the right position and lift up your motorcycle. Because of the light weight and durable materials, the U-Turn Motor Mover is easy foldable for storage. The U-Turn Motor Mover is easy to move and therefore perfect to use in narrow spaces (f.e. a small garage).

## Bike-A-Side

The Acebikes Bike-a-Side Motorcycle Dolly is the perfect solution for maneuvering motorcycles with center stands.

Just place your motorcycle center stand in the right position onto the Bike-A-Side motorcycle dolly and lift your motorcycle easily and controlled using the convenient handle. Now you can effortlessly move your motorcycle into any position you prefer. The Bike-A-Side is ideal when it comes to maneuvering your motorcycles in tight places like your garage. The Bike-A-Side motorcycle mover is very suitable for lifting and moving heavy motorcycles.

Heavy-Duty 4 x 65 mm Ball Bearing swivel wheels

Lifts motorcycles up to 450 kg

- ✓ Easily lift and move your motorcycle
- ✓ Light and controlled lifting and lowering with the convenient handle
- ✓ Perfect for use on uneven surfaces
- ✓ High-friction bottom side for easy and save braking
